**\* Will this puppy be a member of the family or an outside/garage/basement kept pet?**

**\***

**An immediate health check is essential for the welfare of the dog and your peace of mind. This needs to be done within the first THREE (3) business days of taking your puppy home. Considering the high cost of veterinary care, are you willing and able to afford the necessary medical care and further vaccinations necessary to keep your new pet healthy?**

**Yes**    **No**

**Most reputable Breeders place high quality companion puppies for \$4,000 - \$6,500 and can be expected to offer advice/guidance for the life of the dog. This is a very special breed which typically requires the aid of humans to copulate, give birth and then raise to 12/13 weeks of age. We take every stage of their development very seriously to insure you have a healthy, well adjusted puppy to welcome into your family.**

**Do you understand the moral, physical and financial responsibility of adding a French Bulldog to your family?**

**Yes**    **No**
